IMPORTANT TO EVERY INDIVIDUAL.

PAY PARTICULAR ATTENTION.

It is a melancholy truth that we meet at sooner or later, pay the great debt of nature—that we must become tenants of the charnel-house, be the companions of thousands of the "DEAD" who are slumbering beneath the turf—yet a kind Providence has not specially limited our days on earth. We are allowed to make use of those things which HEAVEN has been pleased to bestow upon us for the prolongation of life, and by judicious care, and strict attention, we are enabled to extend our days.

The human system is so constituted that it is liable to disease at any moment, and unless the greatest precaution is used, it becomes a victim, and withers away like the fresh mown grass before the noon-day sun.

When sickness lays its blighting hand upon us—when fever parches the lips, and the eyes lose their lustre—when the body is racked with pain, and vitality seems about departing—then we regret not having made use of medicine, the beneficial results of which has been tested in thousands of instances.

NATURE'S TRUE REMEDY

consists in entirely discarding all animal and mineral substances, and resorting to

THE VEGETABLE KINGDOM.

The most eminent medical men in all countries, and in every age, agree that the safest, best, and in fact the only medicine which should be used, is that which is compounded entirely of vegetable substances, because—

1. It is of a nature best adapted to purify the blood.

2. It enters at once into the system, thoroughly eradicating all humors which have an injurious tendency.

3. It removes all undue biliary secretions, and promotes the sensible perspiration.

4. It renovates, restores and strengthens the system.

STAINBURN'S VEGETABLE EXTRACT PILLS

possess the true medical properties of such plants, roots and barks as have been proved by long experience to possess a curative virtue for the various maladies incident to the human frame, and nothing but the finer and purer parts are used. By the process of the newly invented machinery the essential qualities are alone taken in a concentrated form, thus separating them from the grosser and fibrous parts.

STAINBURN'S PILLS

will immediately attack the seat of disease, and gradually, by means of their purgative operation, most surely drive out all disease from the system.

ARE YOU SUFFERING?

FROM RHEUMATISM—pains in your back, or in your shoulder, hip or knee joints? The Vegetable Extract Pills are eminently adapted to alleviate your sufferings. That portion of them which has a peculiar tendency to correct the secretions, will stir up and unloose this trying disease from its hold, while their aperient action will carry off the humors which occasion pain.

FROM GOUT—severe pains in the smaller joints, or the lower extremities, attended by swelling and inflammation. The same success must immediately follow a course of the **VEGETABLE EXTRACT PILLS**, if taken according to the directions which accompany each box.

FROM CONSTITUTIONAL OR HABITUAL COSTIVENESS—the Extract Pills will, if taken in small and oft-repeated doses, so strengthen and encourage to action the digestive organs, and at the same time so thoroughly cleanse from all obstruction the large intestines, that this most discouraging and very fatal malady, must be expelled from the system.

FROM AN ACCUMULATION OF BILE in the stomach, producing rising in the throat, sick head ache, loss of appetite, &c. If you neglect these symptoms, and use no means to relieve your stomach, a bilious fever will surely overtake you.

FROM SCURVY, OR KING'S EVIL—producing running tumors on the glands of the neck or on the shoulders? The alterative and purifying principle of Sarsaparilla, so powerfully yet so minutely contained in STAINBURN'S PILLS, will immediately attack the seat of disease, and expel it from the system.

IN ALL CASES OF RECENT SICKNESS—such as a cough, headache, shivering, pains in the limbs or back, occasioned by having taken cold, or a sudden change of weather, STAINBURN'S VEGETABLE EXTRACT PILLS will be found to give relief and immediate ease, by relieving the various outlets of the system which the cold had shut up.

If you have pain in the stomach, attended with dysentery or relaxed bowels, occasioned by change of climate, or by eating improper and unhealthy food, the Extract Pills will carry off all cause of pain, and restore a healthy regularity.

BE WISE IN TIME—and delay not—for if you neglect proper advice and despise high medical authority, you must expect to fall a victim to your own weakness.

Patients should always have STAINBURN'S VEGETABLE EXTRACT PILLS in the house, so that they can be resorted to at any moment in case of sudden sickness.

THE VEGETABLE EXTRACT PILLS are sold at TWENTY-FIVE CENTS per box, containing thirty Pills, by

Twenty Copies for \$20! PROPOSALS FOR PUBLISHING AN EXTRA EDITION OF THE WEEKLY TRIBUNE.

"Have you surrendered?" was the inquiry of the commander of the Serapis, as the "Bon Homme Richard" desisted from firing to repair damages and extinguish the flames that had been rapidly gaining the mastery of the vessel. "Surrendered?" answered Paul Jones, "we have not yet begun to fight." In that same spirit, the great Whig Party of the Union, victorious on some points and thrown back on others, unconquerable by force but not impregnable to treachery, having passed through the elections of 1843, now commences the organization of its forces, the mustering of its battalions, and the systematic diffusion of intelligence preparatory to the great contest of 1844. Once fully organized, they will advance to certain, glorious and beneficent victory.

The Publishers of the **NEW YORK TRIBUNE**, having been urged from several quarters to issue a cheaper paper devoted to the important work of diffusing to every dwelling correct and convincing information with regard to the character, principles, objects and measures of the two great parties, have hesitated to issue a smaller sheet devoted specially to this purpose, since it would subject its patrons to the same postage that is charged on our present ample sheet, and that the necessity exclude those portions of the Literature, General News of the Day, and accurate and extensive reports of the transactions in the Money and Produce markets, which the Tribune has the ample means of presenting, and which every family should in some form possess. They have concluded, therefore, to publish an extra edition of the **Weekly Tribune** as it is, containing the same matter that is transmitted to our regular subscribers. This Extra edition will be commenced with the number of December 9th, containing the President's message at the opening of the new congress, and continuing to the number which in November, 1844, shall announce the result of the Presidential election. (being fifty weeks of numbers.) Of this extra edition, we will send through the whole term **TWENTY COPIES** to one address for **TWENTY DOLLARS**.

Where the papers are required to be sent to different Post Offices, or where the number of the subscriber is required to be written on each, we must insist on our uniform price—Two dollars for a single copy per year; Ten copies or more at the rate of one dollar and a half each. Do not ask us to swerve from this rule, friends! for the thing is impossible.

The character of the Tribune is by this time generally known. It aims to reconcile the largest freedom of Thought and Action with a profound reverence for Law and obedience to rightful Authority—to be the stern foe of all discord, anarchy and turbulence, but the champion of every generous idea, however novel or unpopular, which has for its end the uplifting of the oppressed and the lowly. While it professes no claim to the abused name of Democracy, so long the cloak of political Phraisees, the cant of designing demagogues, it will be, as it has been, in the legitimate sense of the word, truly Democratic—the adversary of every wrong, the exposé of hollow profession and scheming knavery, and the advocate of every movement tending to the diffusion of true Freedom and upward Progress of the Human race.

The **Weekly Tribune** is published in this city every Saturday morning, but despatched by the Mails of Thursday and Friday. It is of the largest size, folded in eight pages, so as to be about the average size of two common newspapers. Subscriptions are respectfully solicited. **GREELY & McRATH.**

GODEY'S LADY'S BOOK.

FOR 1843.

EDITED BY MRS. S. J. HALE AND OTHERS.

The long established arbiter of Taste and Fashion, Belles Lettres for the Ladies of America.

GODEY'S LADY'S BOOK having been, for so long a series of years, universally recognized as the indispensable guide to the tasteful mistress of the household, and the only work conducted by distinguished female authors, who have won for themselves a high place among the guiding spirits of the age—the only work which in point of fact has been EXCLUSIVELY DEVOTED TO THE LADIES, its favor with its fair patrons has not been less remarkable than its perfect adaption to their feelings and tastes and their requirements. In entering upon a new year the publisher without diminishing in the least the STERLING AND USEFUL LITERATURE which has long resulted from laying under contribution the native good sense and elegant fancy of our AMERICAN FEMALE WRITERS, will as each successive number appears, present in the several departments of LITERATURE, FASHION, AND PICTORIAL EMBELLISHMENT, a constant and ever varying succession of NEW AND STRIKING MATTER. Nor does he promise without ample ability to perform. The best literary talent, the best efforts of the most distinguished artists in the country—and to crown as well as adorn the whole, the most perfect arrangements for the reception of the American, London and Paris FASHIONS, far in advance of any other publication in this country, enable him to assure the patrons of the Lady's Book that the forthcoming volume will be more than justified by its well earned title of the **MAGAZINE OF MAGAZINES** for the ladies of our country.

It has passed into custom to assert that dress is a matter of trifling importance, but this every lady knows to be false. Taste in dress is universally felt to be the index of a thousand desirable qualities in woman, while a deficiency in this respect always injures one in the estimation of strangers, and even of her intimate friends—he beauty of Helen and the wit of Aspasia, would hardly commend to general favor an acknowledged power in dress—Hence the importance of an accredited guide to the fashions. This useful office, already filled for fourteen years with universal acceptance by the Lady's Book, the publisher pledges himself to discharge in future in a style surpassing all his former efforts. The Ladies know perfectly well that our Magazine's is the highest authority in FASHION. No lady considers herself well dressed who contravenes this authority, and in our own city, in New York, Boston, Baltimore, Cincinnati, Louisville, Lexington, St. Louis, New Orleans, Mobile, Richmond, Charleston, Savannah, and other Metropolitan Cities of States, the tasteful Fashion Plates of the Lady's Book dictate the laws of dress. In future the figures will be thrown into tasteful groups displaying the graces of dress to the best advantage, and the backgrounds of the plates present interesting views designed by first rate ARTISTS.

As a further assurance of thorough excellence in this department, the publisher has secured the services of Miss LESLIE, who will illustrate the Fashion plates, in her usual felicitous and graphic style, uniting a thorough knowledge of the subject, with a clear, intelligible and graceful manner of treating it. Her descriptions are worthy of the productions of her own glowing pencil, which drew the earliest Fashion Plates for the Lady's Book.

The publishers correspondent in Paris is possessed of such ample means of obtaining the real and present Paris Fashions and of transmitting them in advance of all competitors, that the ladies may continue, as they have already done, to copy from our plates what has received the sanction of the indisputable ton, the latest, the newest, the best fashions, fresh from Paris.

The arrangements for producing a most brilliant and attractive series of Mezzotint and line Engravings are now complete. Pictures fresh from the easels of our first rate American Artists are now actually in the hands of the ablest American Engravers, the subjects embracing not only the usual popular and domestic topics, but others which are interwoven into the very heartstrings of American Nationality, treating as they do of stirring incidents in the Glorious and Heroic age of America.

With respect to the general literary and moral tone of the Lady's Book, for 1843, it will maintain its usual consistent character of a domestic and Fashionable Family Magazine
